

# FSQS Case Study

## The Curve Group

The Curve Group are an award-winning, established provider of outstanding quality outsource solutions.

We are one of the only outsourcers in the UK who provide solutions across the entire Talent Management spectrum from Recruitment, to On-Boarding, Learning and Development and Exit Management.

Our flexible approach adds significant value to our partnerships by allowing our clients immediate access to complementary services as and when required, whilst giving them the continuity and 'peace of mind' of having one trusted supplier.

A significant volume of our clients operate in highly regulated sectors such as Financial and Business Services, therefore it is important for us to be able to demonstrate that we implement a robust framework of operational and compliance policies and processes to keep them safe.

## FSQS

Recognising the value of the FSQS accreditation and the assurances it would provide to our clients, The Curve Group initially applied for and achieved Full Supplier Organisation Accreditation Status in 2017.

We have now re-certified for the third year in a row and the FSQS accreditation still provides our clients and partners with the comfort and assurances that The Curve Group operate robust policies and processes.

## Value Added

By March 2018 we had already realised the benefits of the accreditation as one of our Clients was able to issue a contract for a project with us much faster than their usual turnaround times, given the due diligence already undertaken through FSQS.

In turn, this enabled us to swiftly commence delivery of the project without any contractual delays hampering progress.

Since then, we have also had further encouraging conversations with other FSQS system users and have received great feedback that our FSQS accreditation demonstrates our commitment to best practice in regard to assurance and compliance.
